

Purpose

CDTC is federally mandated to prepare and maintain a regional transportation plan (RTP) in order to allocate federal transportation funds to projects and programs. New Visions 2050 will define a shared vision of the region's future and will describe the transportation investments needed to support that vision.

The update process involves three phases. (1) the development of white papers on a range of transportation related topics, providing the foundation for the plan; (2) the development of a preliminary draft plan followed by 2 months of public engagement; and (3) the development of a final draft plan with a second 2-month public engagement process.

The presentation today will focus on what has changed within New Visions since New Visions 2040 was released in 2015.

The final plan is expected to be adopted in September 2020.

Public Outreach

1. Please let us know if there is an event or meeting between March-May that you would like to invite CDTC to table or present at: _____

2. Any other suggestions for public outreach? _____

Quality Region

3. Which scenario or pathway would you prefer to see New Visions principles pursue?

- A) Status Quo
- B) Sprawl Development
- C) Concentrated Development
- D) Concentrated Development w/pricing or incentives

4. Are there any big ticket initiatives that you feel are missing from this list? _____

5. Quality Region comments: _____

Infrastructure

6. Comments: _____

Regional Operations & Travel Reliability

7. Comments: _____

Safety & Security

8. Comments: _____

Complete Streets

9. Comments: _____

Bicycle & Pedestrian Action Plan

10. Explain any strategies for increasing bicycling & walking that you feel were excluded & should be evaluated for inclusion in New Visions: _____

11. Comments: _____

Freight

12. Comments: _____

Transit

13. Comments: _____

TDM/Mobility Management

14. Explain any TDM strategies that you feel were excluded & should be evaluated for inclusion in New Visions: _____

15. Comments: _____

Environment & Technology

16. Are there specific transportation technologies you would like to see evaluated and explored for adoption in the region? Explain: _____

17. Comments: _____

Human Services Coordination

18. Comments: _____

Financial Plan

19. Comments: _____

Please complete the funding poll and submit with your completed questionnaire.

Additional details and the draft white papers can be found at www.cdtcmpo.org/NV2050. Please email NewVisions@cdtcmpo.org with any questions or additional comments.
