RE: Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities Grant Solicitation

Dear Capital Region Transportation Council Planning Committee:

We are submitting this proposed amendment to the 2025-2030 Transportation Council TIP for consideration by the Planning Committee at its next scheduled meeting.

The New York State Department of Transportation (NYSDOT) released a solicitation for the 5310 Enhanced Mobility of Seniors and Individuals with Disabilities Program in October 2025. Applications were due on November 3, 2025. Seven applicants requested funding for eight projects through the Program within the Transportation Council's planning area, with six in the Albany-Schenectady urbanized area and two in the Saratoga Springs urbanized area.

The 5310 evaluation committee was comprised of staff from the CDRPC, NYSDOT, and the Transportation Council. The committee reviewed the eight applications using the evaluation methodology developed by NYSDOT. Committee members individually scored each application and met several times in March 2025 to discuss and finalize scores.

At the meetings each evaluator submitted their scores, which included participation in the Coordinated Planning process and NYSDOT-assigned performance scores for past program participation. The evaluation committee's scores were then averaged and the applications ranked. Requested funds in both areas exceed available funding targets. The evaluation committee recommended the following projects be awarded funding:

TIP PROJECT NUMBERS: T164, T165, T166, T167, T168, T169

The amendment is proposed due to the following:

- Scope Change
- Cost Change
- Schedule Change
- New Project**
- Other

PROVIDE EXPLANATION FOR CHANGE:

Samaritan Hospital and the Eddy Foundation, Inc. – Two new replacement vehicles and two new expansion vehicles from lot E

The amendment is detailed in the table below.
