RE: NY State Route 5S Pedestrian/Bicycle Access Improvement Project (PIN 176182)
TIP Project Updates

Dear Ms. Misiewicz:

We are submitting the proposed amendment to the 2025-2030 Transportation Improvement Program for consideration by the Planning Committee at its next scheduled meeting.

TIP PROJECT NUMBER: S267

The amendment is proposed due to the following:

- X Scope Change
- X Cost Change
- ☐ Schedule Change
- ☐ New Project
- ☐ Other

PROVIDE EXPLANATION FOR CHANGE:

During detailed design review, the NYSDOT design group concluded that the proposed location of the water main relocation was not acceptable. The Town met with NYSDOT representatives on September 3, 2026, to discuss options related to the relocation and was directed to move the water main to the north. This change results in additional expenses due to conflicts and construction methods that will need to be employed to achieve the required location. The Town of Rotterdam requests additional funds to offset the expenses for the water main relocation as a result of these changes. The funding request is:
