**RE: TIP# R339 (PIN 1761.61, NY 2 (Congress and Ferry Streets) from 11th Street to the Congress Street Bridge Ramps**

Dear Ms. Misiewicz:

The City of Troy is submitting a TIP amendment for consideration by the Planning Committee at its next scheduled meeting.

The amendment is proposed due to the following:

- Scope Change
- Cost Change
- Schedule Change
- Other

**Explanation for Requested Change:**

The project is developed through the Design Report stage. The report identified additional tunnel reconstruction work, additional retaining wall work adjacent to the new Taylor Apartment sites, inflationary price increases for materials (especially concrete), and additional years of escalation to the midpoint of construction. Additionally, price increases directly impact contingency, again significantly increasing project cost. These changes have increased anticipated Construction and Construction Inspection costs to \$14.9M, an increase of \$3.931M.

The following table summarizes the existing TIP and the proposed change:
