

RFP ADDENDUM No. 1

Date: **February 13, 2026**

Project Name: **Capital Region Superload Corridors Plan RFP**

Solicitation No: **2130927** RFP Opening Date: **Friday, January 23, 2026**

To: All Interested Vendors:

The Request for Proposals (RFP) for Capital Region Superload Corridors Plan is modified as set forth in RFP Addendum No. 1. The original RFP document remains in full force and effect, except as modified by Addendum No. 1, which is hereby made part of the RFP. Respondent shall take Addendum No. 1 into consideration when preparing and submitting its Proposal.

Addendum No. 1 provides answers to RFP questions received from prospective vendors. Questions and Answers are organized by the order in which they were received.

Acknowledgement Requirement. All Addenda issued by the Capital Region Transportation Council shall be acknowledged and included in the Proposal and made part of the Contract Documents. Failure to acknowledge and include all Addenda may be sufficient cause for rejecting a Proposal.

Questions:

- 1) Does the Capital Region Transportation Council have access to geospatial data for public utilities within the Metropolitan Planning Organization region?

Answer: The Transportation Council has geospatial data for gas and electric lines at the regional level and sewer and water shown as districts at the County level. The Transportation Council also has information on power plants, wastewater facilities, and broadband infrastructure. These databases may not show all existing infrastructure, and location of utilities impacting concept routes would need to be confirmed.

No other questions were received.
